Marko Ribich
Golden State Construction
1270 Avenida Miguel
Encinitas, California 92024

Dear Marko,

Please accept our deepest appreciation for the outstanding job you did on the two restrooms at Casitas Del Sol Mobile Home Park. Our every wish or whim was expertly completed and even surpassed our expectations.

We know very well that dealing with a business consisting of 300 "senior citizens" is not an easy task. You were responsive, patient, pleasant, knowledgeable of state laws and regulations, and paid close attention to all aspects during the construction process. Your workers were very professional, and all work was performed in a timely manner well above and beyond our specifications.

Your improvements (such as the two beautiful mirrors) made the completed project even more beautiful than we had anticipated.

Again, thank you so much for providing our park with two new beautiful restrooms which have received many, many compliments from our residents. It was our extreme pleasure working with you.

Sincerely,

Dorothy Champagne, Director
Chairman, Remodel Committee
